## NOTICE

All members of the Durham Chamber of Commerce have the privilege of using the above emblem on their stationery, and advertisements. Cuts of this emblem, in three sizes, will be furnished upon application. In addition all members in good standing are furnished the same emblem in very attractive colors for use on their windows, doors, etc. It is highly desirable that the public know the progressive firms and individuals who are working for Durham through the Chamber of Commerce, and each member is therefore urged to use these emblems wherever possible.

# *Foreword*

The individuals and firms, whose names are listed in this Business Directory, are members of the Durham Chamber of Commerce. In a large degree they represent the forces which are working for the upbuilding of Durham and Durham County. It would be appreciated if you would recognize this fact in your business relations, and spend your money with individuals and firms who will use it in making Durham a better place in which to live and work.

It is our desire to keep our membership roll free from the person or firm guilty of unfair business practices, or who in any way has the reputation of not giving their patrons a square deal. We want the public to feel that in transacting business with a member of the Durham Chamber of Commerce they are dealing with the highest type of business man. Any member who does not transact his business in such a way as to reflect credit upon this community will not be permitted to retain his membership in this organization.

We request the coöperation of the public in making it possible for us to continue to give you a Directory of the firms and individuals in Durham with whom you can have business relations in the full assurance that you will be given honest, fair and courteous treatment.

DURHAM CHAMBER OF COMMERCE.

the opportunity of seeing some of the best college teams of the East and South in action. Durham also has a professional team in the Piedmont League.

**Schools:** The public school system of Durham is nationally known for its equipment, high scholastic standards and progressive policies. In addition, the Durham School of Music and the Southern Conservatory of Music rank among the leaders in their field. The Durham Business School is a fully accredited class "A" institution.

**Sewers:** Durham has more than sixty miles of sewers, and the system is being rapidly extended. In the next year or two it is expected that dry closets will be practically eliminated in the city.
